BOOK SYNOPSIS

A memoir of the vibrant mid-Sixties that illuminates both the real life and powerful imagination of an articulate Beatlemaniaic spending a lonely year in Paris. She didn't want to go overseas with her family when her dad takes a sabbatical from his university to study in France. That would mean leaving leaving her school friends in her hometown of Halifax, Nova Scotia. But when her friends reminded her that she'd be closer to the Beatles, she decides to keep an open mind. In a series of poignant and humorous diary fantasies about a romance with Paul McCartney, a young Beth Kaplan writes her way into adolescence, the dawning of sexual awareness, and the world of real boys.
