## BOOK SYNOPSIS

"Once a good girls gone bad, shes gone forever." - Jay Z. Despite the many obstacles thrown their way, the infamous couple remained strong. In the midst of betrayal and murder their love shone through, overpowered it all. Vices lifestyle had, indeed, rubbed off on Storm who didnt seem to mind. Vice was who she wanted and if there were risks attached to him then she accepted those as well. In part two of Us Against Everybody, Storm had proven to be as loyal as she claimed to be. But had she taken things too far? Was she starting to be too accepting of the anarchy? In the finale of Us Against Everybody, lines will be crossed, hearts will break, and the unimaginable will occur. To what lengths will they be willing to go in the name of love? How much is too much? How far is too far? Secrets are exposed, friends turn into foes, and problems they thought were buried long ago resurface. How much has to happen before the couple realizes enough is enough?
